PREPAID APPOINTMENTS POLICY

To keep costs down, we do not employ a record-keeping service for pre-paid appointments which may be classified as unredeemed for a period of longer than six months. Please note while we make every attempt to ensure your investment with us is utilized to the fullest, appointments not redeemed within six months of purchase are considered forfeit.

LATE ARRIVALS POLICY

We realize there will be times when due to circumstances beyond your control, you may be late for an appointment. In such cases, it may be necessary to shorten the appointment time or to reschedule as a courtesy to those with scheduled appointments to be seen on time. Thank you for your understanding.

RECEIPT POLICY

It is our office policy that your check or credit card slip is your receipt for services. If you desire or are in need of a formal receipt for HSA accounts or for other purposes, please notify your therapist at the time of payment. An administrative fee of \$30/hr will be charged to process a receipt after the payment date. Thank you.
